RE: Testimonial: 1 Group Construction

1 Group Construction has been a critical partner to us on the maintenance projects recently done at Heatherton Body Corporate and Heathcourt Body Corporate.

Darius and his team, did an outstanding job at these complexes and cannot compare to any other contractor I have worked with over the past 6 years. They are dedicated, professional, thorough, accommodating, responsive, hardworking and committed to to excellence.

I am confident that any maintenance project awarded to 1 Group Construction will be a great success and their workmanship standard will remain very high and satisfactory.

I definitely recommend 1 Group Construction and will certainly continue to make use of their services in future.

**Sincerely,
Stay Safe**
